Leading medical doctor's urgent advice...

# “Discover the Amazing Health Secret of the Longest-Living People on Earth”

**B**y all medical standards, this island nation should be one of the LEAST healthy places to live in the world. After all, it's...

- ✓ **A place where more than half of men still smoke** and more women are taking up the habit...
- ✓ **A highly industrialized country** where people are constantly bombarded by toxic wastes...
- ✓ **A super fast-paced environment** where people live stressed-out lives packed like sardines in densely populated cities...

Yet, in spite of all these obstacles to their health, the citizens of this nation have become the longest-living people on Earth — enjoying active and independent lives. **In fact, a new study documents that this country now has 32,000 people over age 100!**

Could it be they know something we don't? One of their secrets is a unique superfood supplement. They take more of it than Americans take Vitamin C!

But this is not a vitamin. This amazing discovery is a scientifically documented superfood. And, unlike all of those unproven supplements you see advertised on TV, its results have been documented in thousands of medical studies. **It can help you maintain healthy cholesterol and blood pressure levels... enjoy better digestion... boost your energy levels... and so much more!**

## INSIDE:

### The Natural Health Secret that can help you maintain:

- ✓ Healthy Cholesterol and Blood Pressure ...  
Page 6
- ✓ Vibrant Energy ..Page 10
- ✓ Easy Digestion...Page 12
- ✓ Sharp Memory...Page 10
- ✓ Natural Weight Loss.....Page 16
- ✓ Strong Immune Defenses .....Page 14
- ✓ And much more!

**Open now to discover ONE EASY THING that can soon help you LOOK AND FEEL BETTER than you have in years...**

# The Top-Selling Health Food Supplement of the Longest-Living People on Earth

By Michael E. Rosenbaum, M.D.

According to a recent United Nations report, the Japanese are the longest-living people on Earth. No other country has a longer life expectancy. And no other country's seniors enjoy more healthy, active, and independent lives.

In my 30 years as a medical doctor, I've focused on

studying health—not just disease. I seek out people who've achieved outstanding levels of vitality and longevity to learn their secrets. So I've studied the Japanese and their diet.

## What Do the Japanese Know that You Should Know, Too?

The Japanese have made one health food supplement their most popular.<sup>1</sup> They take more of this wonder nutrient than Americans take Vitamin C.

Their secret is not a vitamin... a mineral... or an herb...

It's a remarkable **WHOLE FOOD** that can help revitalize your health in three major ways. It **DETOXIFIES...** **NOURISHES** and **ENERGIZES** like no other food, vitamin or supplement I've ever found.

Now this remarkable "Japanese Secret" has been discovered by doctors in the United States. They too have experienced its unique power to promote overall health and vitality.

### About the Author:

Michael E. Rosenbaum, M.D. is one of America's most respected experts in natural healing. He earned his medical degree from the prestigious Albert Einstein College of Medicine, New York City. Dr. Rosenbaum is a 30-year veteran of natural medicine and a widely recognized pioneer in the field of nutrition, alternative healthcare and medical acupuncture. He has authored and co-authored several books and publications, including *Super Supplements* and *Solving the Puzzle of Chronic Fatigue Syndrome*. Dr. Rosenbaum has lectured often to professional medical groups and frequently appears on television and radio talk shows.

Even if you've spent decades eating less-than-healthy foods... even if you can never find the energy to exercise as you should... now you can discover more vitality than you ever thought was possible and start yourself down the path of renewed health.

My name is Michael E. Rosenbaum. I've been practicing medicine for over 30 years and I've had remarkable results with this astounding Japanese superfood. It's so effective that I recommend it to all my patients and I take it myself *every single day!*

So what is this extraordinary superfood that's helping so many people live longer, healthier, happier lives? **Well, it turns out this top-selling secret of the longest-living people on earth is...**

(Continued on page 4...)

1. Nutraceuticals World, July/August 2007

# CHLORELLA: Japan's Best-Selling Health Food Supplement<sup>1</sup>

Discover why the longest-living people on Earth have made this natural wonder their all-time most popular choice...

Of all the thousands of health foods available in Japan, their best-seller is a tiny, single-cell, freshwater green algae. It's called *chlorella* and this superfood has remarkable abilities to detoxify, nourish and energize your body.

As an island nation—made of four main islands and nearly 4,000 smaller islands—the Japanese have a long-held tradition of turning to the water to achieve good health. For centuries they have depended on water-harvested foods like fish and seaweed. So it was natural for them to be the first to embrace the benefits of this remarkable plant.

Today, millions of people in Japan take chlorella every day. Around the world, doctors and health conscious people are catching on to this Japanese secret and achieving spectacular results with their health.

No other single health food supplement has shown chlorella's clinically documented results helping people dramatically improve their health. Here are just some of the exciting findings from medical studies:

The Japanese word for "medicine." It literally means, "Enjoyment of the plant."

- **Higher Energy and Better Sleep:** 62% reported improvements such as increased energy levels and a better night's sleep.<sup>2</sup>
- **Easy Digestion and Regularity:** 90% report improvement.<sup>3</sup>
- **Healthy Blood Pressure and Cholesterol:** Nearly 40% maintained normal blood pressure and 100% maintained healthy cholesterol levels.<sup>4</sup>
- **Reduced Joint Soreness:** In a study, nearly 70% reported feeling better.<sup>5</sup>
- **Improved Memory and Alertness:** 32% reported an increase in mental capacity.<sup>6</sup>

Thousands of my patients have experienced results like these, plus many other wonderful health benefits such as younger-looking skin. No other food or supplement I've found does so much to enhance your health!

## How Can One Health Food Promote Health and Vitality in So Many Ways?

Chlorella is unique among health foods. Some foods are rich in vitamins and nutrients... others help clean out your system, but among all the health foods I know on the market, only chlorella does all this. Only chlorella supports your health in three vital ways, it:

✓ **Nourishes:** Chlorella is loaded with protein, vitamins, minerals and unique amino acids. It has the highest nucleic acid content of any food to help repair damaged cells. And it has *the highest amount of chlorophyll of any food*. It helps calm the digestive tract and oxygenates the blood to build up your energy.

✓ **Detoxifies and Protects:** Chlorella speeds up the body's natural elimination processes. It latches on to toxins that

## Over 4,000 Scientific Studies Confirm Chlorella's Amazing Health Benefits!

Perhaps no other health food has been the subject of so much research! Leading universities and medical schools around the world have confirmed these remarkable healing benefits. And in his book, *Chlorella: Gem of the Orient*, famed natural health pioneer Dr. Bernard Jensen noted that more than 4,000 studies on the health benefits of chlorella have been published in Japan and Taiwan alone! Today, researchers in the U.S. and around the world continue to document chlorella's unique ability to nourish, detoxify and revitalize the body.

1. Nutraceuticals World, July/August 2007 Herbs and Botanicals in Japan: "Capsugel Japan prepared a summary report titled, "Dietary Supplement Opportunity Japan 2005," which focused on the dietary supplement industry. Several herbs and botanicals, all with retail sales of at least \$100 million in 2005, were included in its "Top 20" supplement sales list. The list starts with chlorella, with sales of over \$300 million, followed in order by aloe, prune foods, agaricus mushroom, Korean ginseng and ginkgo biloba."
2. Merchant, et al. "Fibromyalgia pilot study of dietary chlorella supplementation," 1998
3. Merchant, et al. "Nutritional Supplementation with Chlorella pyrenoidosa for patients with Ulcerative Colitis," A Pilot Study, 1998.
4. Merchant, et al. Nutritional Supplementation with Chlorella pyrenoidosa for patients with mild to moderate hypertension. 1998.
5. Merchant, et al., "Fibromyalgia pilot study of dietary chlorella supplementation," 1998.
6. "Effects of long-term administration of chlorella preparations on the advancement of aging." Kanazawa Medical College Department of Serology, 1989.

impact the health of your brain, joints and cardiovascular system. Then chlorella safely escorts these toxins out of your body.

✓ **Revitalizes:** Chlorella contains the unique *chlorella growth factor* (CGF), a remarkably beneficial substance scientists have not found naturally in any other food. This nutritional wonder helps your body produce healthy new cells.

Even if you've spent decades living with "unsolvable" concerns, you may well find that chlorella's triple combination gives you results you've been waiting for. For instance, you might take chlorella to support your joints and then be thrilled to find that not only are you more active, but you have more energy, too!

## The Most Potent, Most Absorbable Brand of Chlorella

There's only one brand of chlorella I recommend to my patients. I've found it to be the purest, most potent and most absorbable form of chlorella available. It's the original: Sun Chlorella!

Sun Chlorella Corporation led the way and unlocked chlorella's true potential as a superfood. They sponsored groundbreaking research and perfected the growing and harvesting techniques.

**Tetsuaki Nakayama**  
President & CEO, SCC

Sun Chlorella was founded by Hideo Nakayama—the father of current SCC President and CEO, Tetsuaki Nakayama—of Kyoto, Japan. He first tried chlorella after suffering from a long series of health concerns that nothing seemed to relieve. He was so amazed by his own personal health turnaround from using chlorella that he founded a company to help others experience the results he enjoyed. He set about perfecting the growing and harvesting process and in 1981 hit upon...

## The Historic Discovery that DOUBLED CHLORELLA'S REVITALIZING POWER!

Researchers at Sun Chlorella Corporation in Japan discovered a way to truly pulverize chlorella's tough outer cell wall while not damaging the precious nutrients found inside. This makes the nutritional properties of Sun Chlorella...

- ✓ TWICE as digestible...
- ✓ TWICE as bioavailable to your cells and organs, and...
- ✓ TWICE as powerful in health-boosting properties!

## Breakthrough Research on Chlorella WINS TWO NOBEL PRIZES!

Chlorella's unique properties have made it the focus of many scientific breakthroughs among leading scientists...

In 1931, German biologist Dr. Otto Warburg won the Nobel Prize in Physiology or Medicine for his work studying chlorella. Then

in 1961, Dr. Melvin Calvin won the Nobel Prize in chemistry for his research on how chlorella makes energy.

Since then, many other doctors around the world have studied the amazing, life-giving benefits of chlorella. And numerous studies have confirmed its ability to energize, revitalize and strengthen your body!

## NASA Hails Chlorella as SUPERFOOD

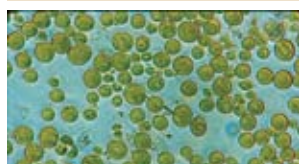

NASA scientists have recognized chlorella's unique nutritional and detoxifying abilities. NASA has conducted intensive studies of chlorella as an ideal food for long-term space travel and colonization.

Dr. Dale W. Jenkins of the Office of Space Science and Applications says, "It has been amply demonstrated that chlorella can be used in a closed ecological system... Chlorella is so nutritionally complete that astronauts could survive on it alone for long periods of time. [It has] been considered by many for use in spacecraft and space stations on the Moon or Mars."

NASA's research database lists 120 research studies on chlorella's ability to keep astronauts healthy during the stress of space travel.

◀ Regular chlorella has a tough outer cell wall that is not easily digested.

◀ Only Sun Chlorella uses the patented DYNOMILL process that truly pulverizes the cell wall to deliver TWICE the benefits of untreated chlorella.

As a result, Sun Chlorella's scientific innovation turned a great SUPERFOOD into what I believe is THE single best thing you can do for your health. Today, Sun Chlorella holds the exclusive patent for this process.<sup>7</sup>

## My Own Health Turnaround

Sun Chlorella has made an enormous difference in my life since I first tried it nearly

25 years ago. I was under the constant strain of long hospital shifts and Sun Chlorella helped me to relieve stress and regain the stamina I needed. I went from always tired to energized. Now I take Sun Chlorella every day and recommend it to all my patients.

In this special bulletin, you'll meet other leading doctors who have experienced their own health turnarounds with this natural wonder. You'll see clinical research documenting its results and you'll meet people like yourself who can't wait to tell everyone they know about how this revolutionary Japanese health food has changed their lives.

Please read on and see how this remarkable "superfood" can change your life, just as it has done for me, my patients, and millions of people worldwide. You'll also discover how Sun Chlorella can help you with...

<sup>7</sup> Comparison based on untreated chlorella vs. Chlorella treated with the patented DYNOMILL Process.

(Continued on page 6...)

## Health Challenge #1:

# Maintaining Normal Cholesterol & Blood Pressure Levels

## Studies Show Sun Chlorella's Remarkable Results!

The results were remarkable!

- ✓ Nearly 40% of participants improved or maintained healthy blood pressure levels while taking Sun Chlorella.
- ✓ And even better, the research study noted Sun Chlorella's significant ability to maintain healthy cholesterol levels.<sup>1,2</sup>

**H**ealthy cholesterol and blood pressure levels are fundamental for good heart health. That's why my patients are delighted when I tell them how clinical studies show that Sun Chlorella helps maintain healthy cholesterol and blood pressure levels! Japanese researchers have been reporting positive results in medical studies for more than 30 years.<sup>1</sup>

More recently, clinical studies at the School of Medicine of Virginia Commonwealth University discovered a wealth of positive benefits for cholesterol and blood pressure.

### "Healthy Cholesterol Levels at Age 74!"

"I will be 74 in July. I have been taking Sun Chlorella for about a year... Since I have been

on Sun Chlorella I have more energy... my cholesterol levels are healthy."

— J. Hodges, Georgia

### "Cholesterol Level and Energy are GREAT!"

"I have maintained low cholesterol levels, regular bowel movements, energy to spare. I have more energy and endurance now than I did as a younger person. I will use the product for the rest of my life."

— A. Serre, Canada

### "My overall health has IMPROVED!"

"Since I have been taking Sun Chlorella, I find that my overall health is improved. I am 79 years old and I am able to dig in the garden and plant and do all the chores around the house. Both (my wife) Mary and I are taking it and she is feeling much better."

— R. Baff, Canada

Results will vary. All testimonials in this advertisement are from real people and only reflect their results.

# The Phytonutrient POWERHOUSE

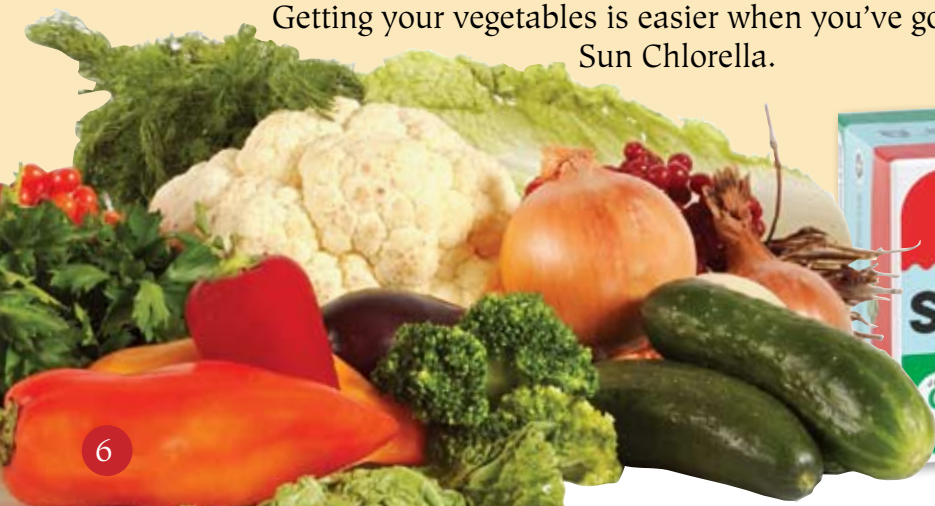

## Ounce for ounce — no other green food or supplement nourishes you like Sun Chlorella

**I**f you've been trying to "eat more greens," good for you! But some patients tell me it's a struggle squeezing in those extra servings of fresh vegetables. Here's what I tell them: Getting your vegetables is easier when you've got Sun Chlorella.

This pure, whole food with all of its nutritional attributes packs an incredible nourishing wallop! *You actually get one of your essential recommended daily servings of vegetables with every serving of Sun Chlorella.* Hands down, no other type of green food can compare with chlorella's nourishing and detoxifying power.

Most doctors agree that natural, whole foods are a better choice for complete nutrition. But even fruits and vegetables in your grocery store contain fewer nutrients. Overfarming has stripped soils bare of nutrients, so you now have to eat 10 servings of spinach just to get same amount of nutrition you would have gotten from just one serving 50 years ago!

**No wonder it's a challenge to get enough phytonutrients today. But just look at what's in each serving of Sun Chlorella...**

To order online: [www.mysuperhealth.com/crcs](http://www.mysuperhealth.com/crcs)

## “Energy RESTORED!”

“I am 62 years old, and 18 months ago I underwent a triple bypass. Since then, I have recovered at a great pace...but six months ago,

I began taking Sun Chlorella and my energy really came back. I can run circles around friends 10 years my junior.”

—W. Page, Connecticut

## Ounce per Ounce, Chlorella Contains...

- ✓ **Six times more beta-carotene than spinach...**
- ✓ **More dietary fiber** than leading fruits and vegetables...
- ✓ **More complete protein** per serving than soy—and twice as much as steak...
- ✓ **Higher nucleic acid content than any food**—even more than sardines—for slowing down the visible signs of premature aging...
- ✓ **50 times the antioxidants and flavonoids as Vitamin C or Vitamin E** for fighting free radical damage...
- ✓ **The world’s highest known concentration of chlorophyll**—the powerful blood detoxifier and toxin eradicator... Sun Chlorella has *five times* more chlorophyll than spirulina, wheatgrass or barley grass. And *ten times* more chlorophyll than alfalfa, from which most commercial chlorophyll is extracted.
- ✓ **The Amazing Chlorella Growth Factor (CGF)**. Found only in chlorella, this unique substance revitalizes cells—keeping them young—and builds up your natural defense system...
- ✓ **18 powerful amino acids** including glutamic acid to help sharpen memory and defense boosting lysine and arginine to enhance your natural production of immune cells...
- ✓ **More than 20 vitamins and minerals** to encourage optimum health and energy... and much more!

But that’s just the beginning of Sun Chlorella’s remarkable health benefits. This green wonder also helps you with...

(Continued on next page...)

1. Okuda, Masuo, et al. “The Influence of Chlorella on Blood Serum and Liver Cholesterol Levels,” *Japanese Journal of Nutrition* 33 (1975)
2. Merchant, et al, Nutritional Supplementation with Chlorella pyrenoidosa for patients with mild to moderate hypertension. 1998.

## Dr. Shera Raisen

# “Severe headaches used to rule my life. Now I haven’t had one in more than 8 years! I credit Sun Chlorella for helping me at last!”

**M**y life used to be measured in blinding headaches. Making it through the week without one was a tremendous success. More often, though, I’d find myself crawling into bed in a dark room for hours to escape the headaches.

One day, as a young resident busy with patients, a severe headache struck and I remember thinking, *how could I be a good doctor, helping others get well when I can’t even get well myself?!*

When a colleague invited me to a seminar on natural therapies used in Asia, I first heard about Sun Chlorella. And I realized what might be behind my headaches... the need for extra nourishment!

I quickly discovered that this green whole food supplement contains an extraordinary combination of nutrients that together, build my natural defenses and help detoxify my body from toxins that might be causing my headaches.

I started taking Sun Chlorella, and soon, I felt great. I was energized and refreshed. But what I found truly incredible was that during the first winter season I took it I only got one headache. And this one only lasted a few hours at most. After living for years with severe headaches, this was a major accomplishment!

Since then I’ve been taking Sun Chlorella faithfully. And I haven’t had a severe headache in over 8 years!

▲ **Shera Raisen, M.D.**  
Leading family practice physician combining Western and Alternative Medicine; specialist in immune system enhancements, stress reduction therapies, and gynecology.

Now I have my own practice where I help others overcome their health worries and get back to their old selves again. One of my first recommendations is to make Sun Chlorella their #1 nutritional supplement. Sun Chlorella is naturally abundant in nutrients that provide you with that power to look and feel younger, lighter and more energetic.

## Health Challenge #2:

# Stiff Joints and Soreness

**N**ot as flexible as you used to be? While most doctors will tell you that stiff, creaky joints and muscles are just part of getting older, I've got important news—they're wrong!

If you're sore in places you didn't used to be, suffering from muscle fatigue and other health concerns, you may be surprised to learn there's another culprit at work. It's a hidden cause of joint stiffness and many

doctors are unaware of it!

In our modern age, we're surrounded by chemicals and environmental pollutants. Scientists have found that these toxins build up in our bodies over the years. They trigger a negative chain reaction throughout the body. No wonder so many of us are feeling sore, stiff and uncomfortable!

**Now, for the good news... you don't have to sit back and "live with it" anymore!**

You can reduce these toxic squatters and feel good again. It has happened for many of my patients with the help of Sun Chlorella... This amazing superfood latches onto toxic chemicals—even heavy metals—escorting them through your digestive system and out of your body.

### Study Shows Remarkable Relief

Dr. Randall Merchant, head of Neurosurgery and Anatomy at the School of Medicine, Virginia Commonwealth University, completed groundbreaking clinical research study on Sun Chlorella. For two months, his research team gave Sun Chlorella to a group of people suffering from sore muscles, morning stiffness, headaches, and other discomforts. The results were impressive! Nearly 70% of those who took

**Dr. Randal E. Merchant,** Head of Neurosurgery, Virginia Commonwealth University, Medical College of Virginia, has done extensive clinical research studies on Sun Chlorella

Sun Chlorella every day experienced a measurable improvement in their comfort level and 45% felt less soreness.<sup>3</sup>

This is no surprise to me. Sun Chlorella's astonishing ability to detoxify your body and nourish your cells has been praised in Japan for decades, improving the daily lives of millions. Now important medical research is suggesting it can help you:

- ✓ Improve flexibility and range of motion
- ✓ Ease joint and muscle stiffness naturally
- ✓ Support overall joint and muscle health
- ✓ Nourish your entire body.

**"Walking without difficulty!"**

"I used to wake up in the morning, more tired than when I went to bed, and have soreness

## Eliminate the "Hidden Cause" of Stiff Joints and Backs!

**S**tiff, sore muscles and joints are a common complaint I see in my medical practice. Many have used other natural alternatives without much success. I show my patients how Sun Chlorella can help soothe away sore, stiff legs, backs, knees and hands... promoting flexibility and mobility!

### "Flexibility Essentials"

That's because Sun Chlorella is rich in chlorophyll, antioxidants and fiber. These "flexibility

essentials" help reduce everyday stiff muscles and joints by reducing toxic overload.

Toxins such as lead and mercury, pesticides and other chemicals from our food, water and medicine supply lodge themselves in our tissues, causing discomfort!

By detoxifying your body you can ease stiffness and promote flexibility. Sun Chlorella has helped so many of my patients improve their health and vitality like this.

in my feet and ankles, but not anymore. I wake up refreshed, walk without difficulty, and am full of energy all day. I even feel good at night. I drive a school bus with 60 students aboard and I am enjoying it. It works!”

—T. Van Eyl, Canada

**“From ‘Stiffness’ to Feeling Better”**

“After one month of taking Sun Chlorella, I began to notice a difference and felt better. After six months, my joint health had improved.”

—P. Fuentes, New York

**“Feet and legs feel better!”**

“Before taking Sun Chlorella, my back was stiff all the time and my feet and legs were a concern. After taking Sun Chlorella for a month, I feel better. I have a lot of energy and feel better than I have in years... it’s a miracle worker.”

—A. Hubbard, Oklahoma

**“Functioning like a 29-year old!”**

“I have been able to function more like the 29-year old I would like to be. In the past few

months I have been able to go from place to place to do my shopping, thank you to Sun Chlorella.”

—I. LaSerra, New York

**“Wearing high-heeled shoes again!”**

“I have been using Sun Chlorella products for 2 years and have noticed the difference

they have made in my life. These tablets have allowed me to gain more strength and energy than I have had in years. I am now able to wear high-heeled shoes and stand for hours on my feet! I was not able to do this before I started using Sun Chlorella, but now I am. Thank you Sun Chlorella for allowing me to feel energized once again!”

—M. Calixte, New York

Extensive studies and results from my patients show that Sun Chlorella can also help you beat...

(Continued on page 10...)

**Dr. Mark Drucker**

**“None of the supplements I tried seemed to help my health concerns. Then I made a surprising discovery about the *real* reason why...”**

Helping patients get to the root of their health concerns quickly and safely has been my life’s work. So, a few years ago, when I began suffering from constant fatigue and fuzzy thinking, I was sure I knew the path to feeling better again. But none of the medications or supplements I tried seemed to help! Then another big surprise...

Routine testing showed the real reason for my malaise... and it was something many of today’s doctors can easily miss—toxic overload.

As a child I had a mouthful of dental fillings and over the years, the mercury inside was leaching into my body, sapping away my energy, endurance and clear thinking!

I immediately had the fillings removed by a dentist, and began looking for the best way to detoxify my tissues of toxic buildup. I tried many different whole food diets and natural vitamin and mineral “cleansers,” but none of them compared with Sun Chlorella. This amazing superfood is the only natural solution I’ve found that can help detoxify your body of heavy metals and strengthen it at the same time... with a powerhouse of nutrients not available anywhere else!

It’s been eight years since I first tried Sun Chlorella, and I still take it every single day. Happily, my energy and

**▲ Mark Drucker, M.D.**  
Co-founder and medical director of The Center for Advanced Medicine, and certified member of the American Academy of Anti-Aging Medicine

endurance has returned. And so has my mental focus and clear thinking. Sun Chlorella has been a help to many of my patients too. Whether they’re concerned about their heart, joints, lack of energy or general fatigue, they tell me again and again that with Sun Chlorella they just “feel better!”

**Try Sun Chlorella Today!**

See pages 19–22 for a special introductory savings and up to 5 FREE GIFTS.

3. Merchant, et al., “Fibromyalgia pilot study of dietary chlorella supplementation,” 1998.

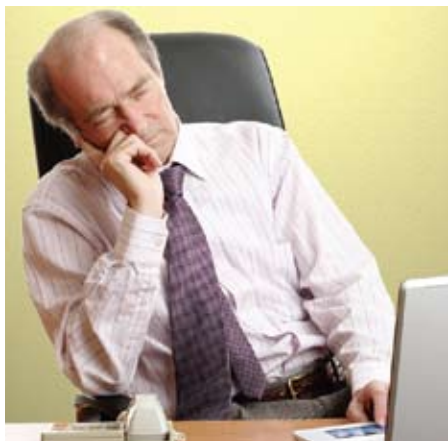

## Health Challenge #3:

# Low Energy and Constant Fatigue

**W**hen I start a patient on Sun Chlorella, the first thing they usually tell me about is all of the increased energy and well-being they feel. This often happens within the first week.

When you begin taking Sun Chlorella, you may find yourself walking with a new spring in your step for the first time in years, radiant with new energy. And you may discover that with a detoxified, well-nourished body, your mood lightens and you feel happier and calmer and better able to handle the stress of everyday living.

Are you tired of feeling tired and sluggish? Need coffee or sweets just to keep going in the afternoon? Then you'll love what Sun Chlorella will do for your energy level. Instead of giving you a temporary lift, it helps tune up your body to function with greater efficiency.

In other words, Sun Chlorella floods your cells with nutrients that improve your body functions. Plus, Sun Chlorella helps your body eliminate the toxins that contribute to fatigue and low energy.

### Study Suggests that Sun Chlorella Boosts Energy

A clinical study at the School of Medicine Virginia Commonwealth University showed that chlorella helped patients' energy soar. In fact...

### 62% Saw Improvement in Energy Levels

And that wasn't the only benefit. They also reported less joint and muscle stiffness, and better sleep.<sup>1</sup> What's more, patients in the study got these improvements after taking Sun Chlorella for just two months.

### "Performs the Work of Two Men"

"Since taking Sun Chlorella, I have more energy...At work I can outperform two people when it comes to bullwork. At the end of the day, they are tired and I'm not."

—T. Chauvin, Canada

### "Stronger, Healthier, Very Energized!"

"Since I started taking Sun Chlorella, I've felt stronger, healthier and very energized. Even walking has become much easier. I thank God for this product. I plan to take it for the rest of my life and I recommend it for everyone!"

—L. Dwyer, California

## Health Challenge #4:

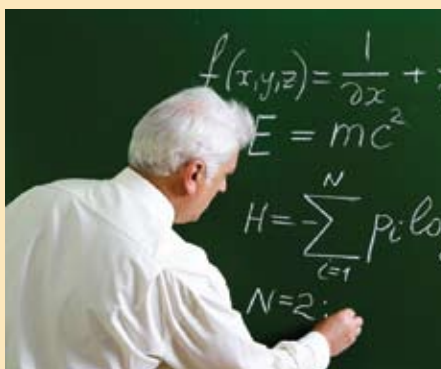

# Maintaining Sharp Thinking and Memory

## My #1 Defense to Fight an Aging Mind

**H**heavy metals and other environmental toxins impact our thinking. Doctors have yet to pinpoint why these toxins affect our thinking, but it's clear that they have a major impact on our minds and memories.

Numerous studies have shown Sun Chlorella's ability to remove heavy metals from the body so they can't build up, impact your memory and overall brain health. The secret is Sun Chlorella's fibrous cell wall. These unique fibers bind to metals, pulling them out of your blood, tissues and organs.

By cleaning out these toxins, Sun Chlorella can help promote and sharpen concentration. Promoting this "mental edge" is a real help to my patients. With

Sun Chlorella at work in your body, you too may find those little moments of forgetfulness disappear... you're thinking faster in conversations and once-challenging mental games and puzzles may become easier.

This was shown in an important study on brain aging. A group of people took six grams of chlorella every day. After six months of faithful use, doctors studied their brain function. You know what they found? The chlorella group showed a 32% improvement in their thinking!<sup>2</sup>

Just imagine how you'll feel at social gatherings if you're able to...

- ✓ Improve your memory for better recall of names, faces and important dates

2 "Effects of long-term administration of chlorella preparations on the advancement of aging." Kanazawa Medical College Department of Serology, 1989.]

- ✓ Sharpen your mental skills for cards, crosswords and puzzles
- ✓ Stay alert whether you're watching TV or driving
- ✓ Boost your concentration so you can focus on work, travel or making decisions around the house

### "Recall of details —amazing!"

"I have been using Sun Chlorella for the better part of two years now. While I am taking the tablets I notice my mental clarity improves significantly. My recall of words and details are amazing. I consider it a great purifier and revitalizer, and have recommended Sun Chlorella to many."

—T. McConnell, Michigan

### “Does It All at 71”

“I’ve been taking Sun Chlorella for approximately three years and feel that it has helped my digestive system and energy level quite a bit. I am 72 years old and square dance twice a week along with strength training, clean my own big house, cook a lot, do artwork for shows, work on my computer and help in my church.”

—B. Gerd, Nevada

### “Whooping it up at 82—Sex Twice a Week!”

“I am 82 years old. I sleep well and still have regular sex twice a week. What more could anyone want? It’s been a blessing to me. I hope more people will take the product. It’s amazing how good you can feel. It’s like a new life again. I no longer have weak muscles nor constantly feel tired. I recommend Sun Chlorella products to anyone who wants a better life... try it. It’s wonderful to feel good again.

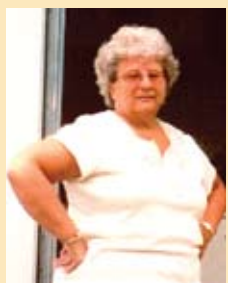

—C. Rosien, Canada

### “Think more clearly!”

“I have a lot more energy, think more clearly, and my overall outlook on life is so much better. I have two jobs and I cannot go a day without my Sun Chlorella. Thank you very much!”

—P. Kim, Hawaii

### “Gave me back my memory!”

“After taking Sun Chlorella, in a week’s time I noticed more energy, better digestion and my memory is better.”

—M. Harmon, Minnesota

That’s why my patients are delighted to learn that this incredible whole food supports brain health and helps improve your memory too.

And since Sun Chlorella strengthens your good health from the inside out, you may also find relief from...

(Continued on page 12...)

## Dr. David Nelson

# “Lagging energy almost forced me to give up jogging. But now, I’ve got enough endurance to go the distance—even more than when I was in my 30s!”

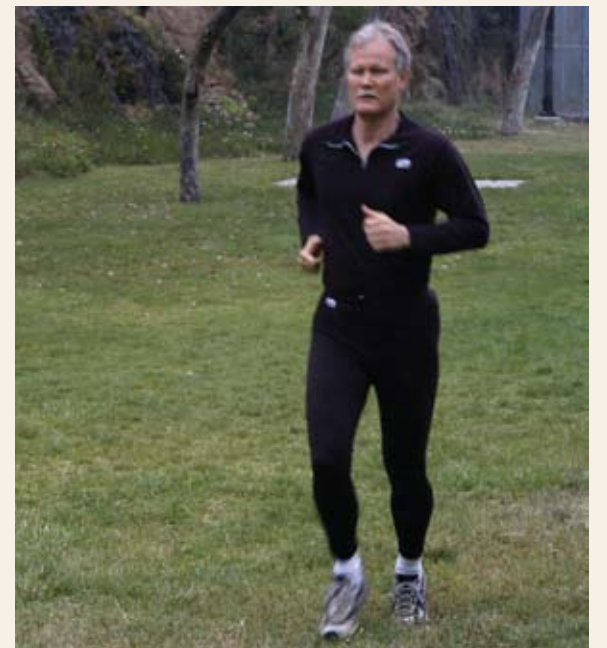

I’m a die-hard runner. On weekends I compete in races. But 8 years ago it started getting harder to cross the finish line. Even at work I was feeling tired. While it’s embarrassing to admit this as a doctor, some afternoons I felt like I could curl up on an examination table and take a nap!

As a Clinical Nutrition Specialist for more than 20 years I’ve always been a healthy eater, yet no amount of broccoli, spinach or fish seemed to make any difference. But then, a colleague introduced me to Sun Chlorella. And I discovered a surprising fact...

### The Real Reason for My Low Energy...

Suddenly, I began to realize what my cells were really starving for... oxygen! Studies show that the more oxygen you have in your blood stream, the more energy you produce. One of the best ways to increase the oxygen flow in your cells is to eat green foods like Sun Chlorella. And Sun Chlorella’s high quality protein helps aid in muscle repair and function, too. With Sun Chlorella I’ve had more energy and physical endurance than I did in my 30s.

Since then, I’ve enjoyed Sun Chlorella every day before my morning run. Not only has this exceptional superfood changed the way I enjoy my favorite hobby, it has enhanced the way I practice medicine too. When patients come to see

▲ **David Nelson, Ph.D.**  
Clinical Nutritionist at the Center for Advanced Medicine in Encinitas, CA and co-host of the radio show “Health Talk, A Second Opinion”

me complaining of fatigue, joint stiffness stomach concerns, even sleeplessness, one of the first things I do is recommend Sun Chlorella. It can energize, nourish and detoxify the body like no other supplement I’ve found. And time and again they tell me that with Sun Chlorella, their energy returns, their digestion improves and they just plain “feel better!”

Let Sun Chlorella work its magic inside your body, just as it has for me and so many of my patients.

## Health Challenge #5:

# Digestive Distress & Constipation

### The clinical study's results were phenomenal!

Chlorella helped improve the digestive concerns, such as indigestion, diarrhea, and constipation for more than 90% of the patients.<sup>1</sup>

### Chlorella Helps Balance Your Body Naturally

Dr. Merchant finds that when he gives chlorella to patients with constipation, the constipation gets better. But that doesn't mean Sun Chlorella works like a laxative. You see, when he gives chlorella to patients with diarrhea, they get better too. Although this seems paradoxical, the reason is that in both instances, the chlorella helps bring the body back into natural balance.

It works for so many types of digestive

concerns because Sun Chlorella helps improve your natural levels of good bacteria in your gut. These are the bacteria that help you digest foods more easily. In a study, chlorella resulted in a 400% increase in these good bacteria in the intestine.<sup>2</sup>

### "Finally constipation-free!"

"I have been taking Sun Chlorella for over 2 years now... adding Sun Chlorella has been a Godsend. Even though I eat a healthy diet and get plenty of exercise, constipation was always a problem for me. After one month, I started noticing a major improvement. Now I am 'constipation-free.' I have more energy and feel great. I am 48 years old and thanks to Sun Chlorella I feel like a teenager again. Thanks again for such a wonderful product!"

—N. French, Tennessee

**H**ealthy digestion and regular elimination are critical for good health. Yet many patients, especially seniors, come to me complaining about stomach upset and irregularity.

That's why I'm delighted to tell them about Sun Chlorella's remarkable ability to balance and support normal body functions. Nowhere do we see this more strikingly than in the bowel.

In a clinical trial of Sun Chlorella, Dr. Randal E. Merchant and his research team at the School of Medicine of the Virginia Commonwealth University studied people with digestive concerns, appetite loss, fatigue and loss of body fluids. The patients were given Sun Chlorella every day for two months.

1. Merchant, et al, "Nutritional Supplementation with Chlorella pyrenoidosa for patients with Ulcerative Colitis," A Pilot Study, 1998.  
2. Jensen, Chlorella, *Jewel of the Far East*, p. 78

## Sun Chlorella Helps You Maintain Proper Digestion and Elimination in Four Important Ways...

**S**un Chlorella is rich in four components that accelerate the process of elimination and bowel detoxification. That's because it provides four essential benefits for bowel health:

- 1. Chlorophyll**—the most powerful detoxifying agent found in nature. It helps detoxify the bowel, detoxifies the liver and bloodstream and also feeds the good bacteria that are necessary for healthy digestion.
- 2. Chlorella Growth Factor (CGF)**—its power helps promote bowel health so waste stays where it's supposed to and doesn't travel into the bloodstream. Plus, CGF stimulates cellular repair and nourishes the

cells within your body helping them to stay strong and healthy.

- 3. Protein**—Sun Chlorella is rich in the amino acids that provide the building blocks to help build healthy tissue.
- 4. Fiber**—the tough cellulose membrane of chlorella is not digested but binds to cadmium, lead and other heavy metals and carries them out of the body.

That's why I recommend Sun Chlorella to all my patients. In my 30 years as a medical doctor, I've found nothing better to maintain regularity, healthy digestion and bowel health.

**“Wow... I feel great all over!”**

“I value my Sun Chlorella! It’s given me increased energy, better digestion, very regular bowel movements so I always feel great. My congratulations to you and your company.”

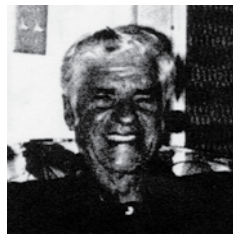

—W. Schuer, California

**“No More Indigestion!”**

“I found out about Sun Chlorella from a source in a magazine. I have been taking Sun Chlorella for over two years now, and only stopped one time for a month or so to prove to myself that it really was helping me. I don’t have problems with indigestion anymore. I am 73 years old and work five to six days a week delivering supplies, which requires lifting and use of a lot of energy. Along with eating good healthy foods, I believe Sun Chlorella is responsible for the health that I now have... I know it’s working for me!”

—R. Widerburg, Idaho

**“More Regular Than Ever!”**

“I know Sun Chlorella purifies my body. Because of it, I am more regular than ever (that was a problem).”

—N. Boydman, Florida

**“My System Has Greatly Improved!”**

“I have been taking chlorella for a short period of time, and my system has greatly improved.”

—M. Judkins, Oklahoma

**In summary, Sun Chlorella can help you:**

- ✓ Promote bowel regularity,
- ✓ Increase beneficial bowel flora—the good bacteria
- ✓ Assist in detoxifying your digestive system
- ✓ Stimulate cellular repair

That’s why I tell my patients...

**“When you’re green inside, you’re clean inside.”**

Sun Chlorella is my secret weapon for healthy digestion and regularity and it can also help you combat this modern day concern that’s putting your health at risk...

(Continued on page 14...)

# Dr. Matthias Maas

## “After I survived a near-death experience, Sun Chlorella gave me so much stamina I cover 18-hour shifts while caring for my patients!”

Looking at me now you’d never guess that the first 20 years of my life were a health disaster. Doctors were baffled by my constant fatigue and lack of energy. After scores of medical tests they couldn’t find any cause for it.

Despite my doctors’ best efforts, there were those “bad” days when I felt so horrible that I couldn’t make it to school. My senior year I missed so much class I almost didn’t graduate!

Then, by accident, my doctor prescribed two new prescriptions but switched the dosages. I experienced a severe reaction and nearly died. That’s when my whole life changed, and I decided to become a doctor myself.

My mother, a registered nurse from Germany who knew about herbs, introduced me to the idea of natural solutions. I discovered a whole food from Japan called Sun Chlorella. It’s the only food I know of that gives your body what it needs to promote overall good health. It helps replace essential nutrients your body is missing and it carries away toxins, which can attack your health and well-being.

Once I began taking Sun Chlorella regularly, my health began to change. Soon, I felt like a brand new person! My energy level soared. My mind grew clear and my body strengthened.

And these changes lasted. Even today I ride my bike to work every morning—climbing eight miles up steep

**▲ Matthias K. Maas, D.C.**  
Doctor of Chiropractic, member of the International Foundation for Nutrition and Health, and specialist in natural health and nutritional therapies

Washington hills. I’ve still got enough energy left over to tackle an 18-hour shift caring for patients. My memory is sharp. I don’t have trouble remembering names anymore. And I sleep better too.

I’ve taken Sun Chlorella for 12 years now and I’ll continue to take it for the rest of my life!

## Health Challenge #6:

# Hidden Toxins in Food, Water—Even Medicine

If feeling less than 100% has become “normal” for you, here’s how to address the root cause of the concern...

Everywhere we go toxic chemicals attack us, even where we least expect them: the carpets we walk on, the shampoos and toothpastes we use, the pots we cook in and the dental fillings in our mouths. The sad truth is that modern life is an uncontrolled experiment in toxic bombardment.

### Protection from a Toxic World

- Since 1940, we have increased the number of synthetic chemicals in the environment by 380 times.
- The average person today has 1000 times more lead in their body than people living 500 years ago.
- 25 BILLION pounds of synthetic chemicals are created by industries every year.

- 2,000 different man-made chemicals are found in most municipal water supplies.
- 10 lbs of unnatural food additives are consumed by the average American every year... These often are stored in the body fat and slowly released over time.
- Plastics used in food wrap and water bottles contain hazardous chemicals such as *Bisphenol A*. These chemicals mimic natural hormones such as estrogen. They are easily absorbed in the body and may disrupt the immune response.

Did you know that each of these toxins acts like a time-bomb, tick, tick, ticking, in the body until one day they explode and send your good health down the drain? Toxins are a cause of many healthy concerns. Lead in drinking water has been shown to impact blood pressure, and trihalomethanes found in public water

### Undoing Years of Damage!

“In 1980 I stopped smoking cigarettes after 25 years—that’s a lot of cigarette smoke. I feel wonderful now that I started taking Sun Chlorella. I quit drinking too. My body feels great.”

—T. Kraynak, New Jersey

supplies can compromise good bladder health. We all need protection from these damaging chemicals. Sun Chlorella does an outstanding job keeping our bodies clean.

I first discovered how serious this toxic problem was in the early 1980s. I was working with patients, helping them to balance blood sugar levels naturally. They were receiving

## Clinical Studies Show Sun Chlorella’s Remarkable Detoxifying Power

Clinical research has documented chlorella’s ability to remove toxins stored in body tissues and to help stop new toxins from being absorbed.

- ✓ **Chlorella Removes Hazardous Chemicals:** A landmark study published in the *Journal of Medicinal Food* showed how chlorella reduced the dioxins in breast milk.<sup>1</sup> “Dioxin” is the name generally given to a class of super-toxic chemicals. Their toxicity is second only to radioactive waste.
- ✓ **Chlorella Removes PCBs:** Studies at the School of Medicine, West Virginia University, demonstrated that chlorella helped remove poisonous poly-chlorinated byphenols (PCBs), (a major toxic pollutant found in pesticides and herbicides).<sup>2</sup>

- ✓ **Chlorella Removes Heavy Metals:** In other studies, chlorella was equally effective in eliminating heavy metals such as copper, and cadmium.<sup>3</sup>
- ✓ **Chlorella Removes Mercury:** Research shows that chlorella effectively sweeps out mercury from the bowel and cells of the body.<sup>4</sup>

1. Nakano, S., Takekoshi, H. and Nakano, Masuo: Chlorella (*Chlorella pyrenoidosa*) Supplementation Decreases Dioxin and Increases Immunoglobulin A Concentrations in Breast Milk. *Journal of Medicinal Food* 2007;10: 134 – 142.
2. Pore RS. 1984. Detoxification of chlordecone poisoned rats with chlorella and chlorella derived sporopollenin. *Drug Chem Toxicol* 7(1):57-71.
3. Horikoshi, T., A. Nakajima and T. Sakaguchi: Uptake of Uranium by Various Cell Fractions of *Chlorella regularis*. *Radiotopes* 28(8), 485-487, Aug. 1979.

# Dr. Warren Harvard Low

## Do You Have Any of These SIGNS OF TOXIC OVERLOAD?

Please check any that apply to you:

- Always tired?
- Trouble Sleeping?
- Brain "fog"?
- Bloating?
- Indigestion?
- Skin rashes that won't go away?
- Stiffness?
- Silver (amalgam) dental fillings in your teeth?
- Diminished sex drive?

If you checked just three of these, your health problems may be triggered by hidden toxins. You may be in toxic overload.

nutritional supplements, but it still wasn't enough. Something else was keeping them run-down...

That something else turned out to be environmental toxins that were invading their bodies. These toxins impact overall health and vitality leaving them feeling tired and fatigued. But chances are slim that your doctor will tell you toxins may be the cause of your health concerns.

After more than 30 years of studying, testing and recommending a number of powerful "cleansing" therapies, I can tell you this: Nothing is a better detoxifier than Sun Chlorella. It safely eliminates toxic elements that have built up in your body. It revitalizes your cells and supports your body's own natural detoxifying process.

The truth is that we never know when we are going to be exposed to high levels of toxic chemicals and heavy metals. When I eat fish, I rely on Sun Chlorella because of its ability to bind to mercury in the digestive tract and block its absorption.

Sun Chlorella also protects me against other heavy metals and pesticides. Commercially sold strawberries and raspberries are often heavily sprayed with pesticides. And the list goes on and on. It makes me feel more secure to know that Sun Chlorella can lighten the toxic load. In my opinion, Sun Chlorella has become a necessity for everyone living in the modern age because chemicals and toxins are everywhere.

That's why I'm glad to tell my patients about how Sun Chlorella can help them overcome those...

*(Continued on page 16...)*

# "No longer do I worry about reading the small print in the newspaper or driving to work... My eyes are healthy!"

As an Optometrist, I've helped patients maintain their eye health for over 40 years.

To promote my own health, I researched how certain antioxidants found in vegetables, such as lutein and beta-carotene, support healthy retinas. My wife Carolyn introduced me to Sun Chlorella after hearing about it on T.V. You can imagine my excitement when I discovered that Sun Chlorella gives you more of these eye-enhancing nutrients than even our best vegetable sources! As soon as I began taking Sun Chlorella I knew I was doing right for the health of my eyes.

Now, six years later, my eyes remain healthy, sharp and clear. I credit this incredible whole food supplement with supporting my retinas and strengthening my eye health. I no longer worry about reading the small print in the newspaper or driving to work every day.

What's more, since Carolyn and I have been taking Sun Chlorella, we have both noticed increased energy levels (as we work very long hours), better bowel regularity and improved sleeping patterns. We feel so good we'll never go without our Sun Chlorella for the rest of our lives. And neither will many of my patients. I recommend Sun Chlorella as a "must" for anyone concerned about staying active and keeping their eyes healthy, sharp and clear for years to come.

▲ **Dr. Warren Harvard Low, O.D.** Dr. Low has been an eye care specialist for over 40 years. He is a graduate of Stanford University and a member of the Board of Trustees of the Southern California School of Optometry. Dr. Low has a keen interest in understanding the role of natural products to maintain good eye health.

## Health Challenge #7:

# Stubborn, Hard-To-Lose Extra Pounds

### Are hidden toxins behind your weight gain?

**D**iet and exercise are the two keys to losing weight. But you may be one of the thousands of people who need additional support. Well I've got great news!

Believe it or not, I was once overweight. Then I discovered that there was another reason the unwanted fat wouldn't go away in addition to what I was eating. Inside my body metabolic wastes, toxins and unused food had slowed my digestion to a crawl. My cells were filling up with toxins, causing a build-up of fat and fluid. This was adding pound after pound to my waistline!

That's why my patients rely on Sun Chlorella to help them stay lean. It helps promote healthy digestion and clean away wastes from

your digestive system. This helps your body burn fat and release excess fluids. Plus, Sun Chlorella contains high amounts of proteins and nucleic acids to replenish levels of friendly bacteria in your stomach and intestines for easy digestion of food—including fats!

I credit Sun Chlorella with helping me lose my weight, and I'm not alone. Just check out these amazing stories of physical renewal:

### "50 pounds disappeared!"

"With an extra serving of Sun Chlorella daily, yoga and a healthy diet, I've lost over 50 pounds in the past three years. Sun Chlorella has remarkably enhanced my well-being... I can't imagine my life without your product."

—G. Bell, California

### "46 pounds VANISHED!"

"After taking Sun Chlorella for three to four weeks I noticed a drastic change in my eating habits. I was losing weight and also had an increase in energy which helped me to exercise more...my skin is clear and much softer; I feel very good and will never stop taking Sun Chlorella...I achieved a 46 pound weight loss and everyone asks how I did it. I tell them all about how Sun Chlorella helped. What a great feeling to find something that actually works."

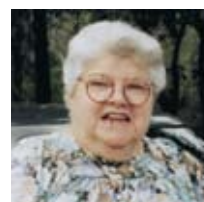

—B. Laney, Arizona

### "No More Sugar Cravings!"

"After only a few months use, I have noticed a great improvement to my general overall health with an increase in my energy level, better digestion, weight loss and most of all a significant reduction in sugar cravings."

—M. Duplanty, Pennsylvania

### "Helped Me Feel Good and Lose Weight"

"Here's my re-order. I decided I couldn't go without Sun Chlorella. It really helped me feel good, and helped me lose weight...I have more energy with chlorella... I didn't have the money to spend before, but I have changed my budget to put chlorella first."

—C. E., Alabama

# The Real Secret of the Hollywood Elite

## Media Reports on the Youth-Enhancing Powers of Sun Chlorella and Chlorella

**I**n this bulletin, you've seen the medical research documenting Sun Chlorella's amazing ability to sweep away toxins and support body functions. Now even major magazines known for tracking Hollywood health and beauty trends proclaim that Sun Chlorella can keep you looking youthful, radiant and fit:

### "One of the Most Popular 'In' Items"

Trendsetter **InStyle** magazine ranked Sun Chlorella as "The third most popular (out of 10) 'in' item among Hollywood celebrities." It was the only

food/nutritional supplement mentioned. Leading ladies Sally Field and Jeanne Tripplehorn count it among their secrets, according to the magazine.

**Newsweek** reports that amazing Sun Chlorella is one of "Nature's Biggest Sellers."

**Scientific American** describes chlorella as an "important part of the world's food supply."

### "Smoother Skin in 4 Weeks"

**Women's World** says, "... women taking chlorella daily reported smoother, firmer, more radiant skin and fewer wrinkles and age spots

in just four weeks"...and..."this nutrient-rich supplement is like eating pure, concentrated mega-helpings of fruits and vegetables."

**Reader's Digest** calls chlorella "bread from the sea."

**Longevity** magazine reveals chlorella to be "Hollywood stars' hottest secret."

### "One of the Top 10 Superfoods"

**Oprah.com** states that Chlorella is "One of the Top 10 Superfoods."<sup>1</sup>

1. [http://www.oprah.com/presents/2005/young/life/life\\_greenfoods.jhtml](http://www.oprah.com/presents/2005/young/life/life_greenfoods.jhtml)

**Imagine, being mistaken for someone younger!  
Now's your chance!**

When you put Sun Chlorella's rich nucleic acids and other nutrients to work inside your body, you too can enjoy real results on the outside.

With its powerful regenerative properties strengthening the body from the inside out, this is no surprise to me. In my experience, Sun Chlorella is the best-kept natural beauty secret for any age! You see, your body was designed to renew itself continually, yet this ability weakens with every passing year and damage accumulates. Sun Chlorella contains an amazing bundle of nutrients that have been shown to stimulate this renewal process.

You may find the skin on your face, neck and arms has a fresh, vibrant appearance. It's no wonder my patients, myself and people all over the world love Sun Chlorella. It makes us look and feel younger, lighter and more energetic.

**“People can't believe I'm 62!”**

“Before Sun Chlorella my skin looked OK but now it feels great... When I told the young girl in the store, ‘I usually get the senior discount,’ she said, ‘You aren't 60. I can't believe it. I will soon be 62!’”

—D. McKinney, California

**“The Perfect Whole Food Supplement”**

**Exercise** magazine informs men that Sun Chlorella is “the perfect whole food supplement for athletes who are mentally,

physically and emotionally conscious of their bodies and well-being.”

**“Amazing”**

**Better Nutrition** writes, chlorella is “amazing”... and... “not to be confused with other green foods... chlorella is regarded as the best food source for nucleic acids”—the nutrients that allow for turning back that aging clock.

Aforementioned quotes of news reports do not imply an endorsement of Sun Chlorella products by the publications and websites quoted and may have been a result of paid advertisements.

**Dr. Joyce Johnson**

**“I was a professional ballet dancer until soreness and stiffness almost made me hang up my ballet shoes. But now I'm dancing again!”**

I know what it's like to be in dire straights and come through stronger than before. Many years ago I was enjoying a career as a professional ballet dancer when I was struck with sore muscles and stiff joints, which severely impacted my quality of life.

I wasn't ready to give up, so I turned to nutritional therapy. Little did I know how powerful this option would turn out to be. Since then, I have worked personally to help others discover their own path to health and wellness. I went on to college and received my Ph.D. in nutrition.

**With healthy food and exercise, I achieved relief from soreness and discomfort, but there was a missing piece of the puzzle.**

Then I found Sun Chlorella. I started using it in my practice. As a result, I personally have a higher level of energy and so do my patients. Sun Chlorella is loaded with all the important components that your body needs to restore and

▲ **Joyce Johnson, Ph.D.** President, Wellness Center of America, pioneer in nutritional blood chemistry.

maintain superior wellness. That's why it's the nutraceutical I recommend most often.

When my patients add Sun Chlorella to their nutritional program, they experience astounding improvements in their health. While their energy increases almost from the beginning, they also notice that they are able to maintain their blood pressure and cholesterol levels and find it easier to maintain a healthy weight. Most important, Sun Chlorella is pure and natural, with no binders, preservatives or fillers so you get nothing but nature's best.

Perhaps you're still wondering...

# How can one natural food deliver SO MANY HEALTH BENEFITS?

**T**he answer is simple. Many health problems arise from these two major causes:

- 1. Malnourishment:** You're not getting enough phytonutrients in your food.
- 2. Toxins:** Your body is overburdened by harmful chemicals, metals, pesticides and other harmful elements.

So that's why Sun Chlorella can help so many conditions—even where drugs and vitamins have failed. Sun Chlorella helps both NOURISH and DETOXIFY Your Body.

And it has the unique CHLORELLA GROWTH FACTOR, a unique substance found in no other plant. CGF helps your body REVITALIZE so you'll soon be feeling your best.

In this special report you've read the personal health stories of eight of my medical

colleagues. Each one of them turned their own health around—even when nothing else seemed to work. You've also seen highlights of the scientific studies showing beyond doubt that Sun Chlorella is uniquely effective for a wide range of conditions. And you've seen the results of many people like you who wrote to Sun Chlorella describing their remarkable results.

So the real question is: When are you going to try Sun Chlorella for yourself?

## Experience the Difference Sun Chlorella Can Make in YOUR Life Today!

I have been taking Sun Chlorella for nearly 25 years and take it every day. It is my all-time favorite whole food nutritional supplement. I still enjoy the rich deep 'green' aroma when I first open a package of Sun Chlorella. It smells wholesome and healthful. Sun Chlorella imparts

energy. My patients have been telling me that for twenty years. I have also learned that on my own. I can tell if I have accidentally missed my daily serving of Sun Chlorella because my energy tends to wane.

It pleases me to know that I am taking such a wholesome and healthful product

## Why All Chlorella's Are NOT Created Equal

**T**he people at Sun Chlorella Corporation have dedicated themselves to creating the finest-quality health supplement available for more than three decades. We invite you to compare Sun Chlorella with ANY other brand on the market. These are the hallmarks of the Japanese dedication to quality. Only Sun Chlorella offers you all this:

- 1. Chlorella pyrenoidosa**—the nutritionally superior species. Compare with other brands that use *chlorella vulgaris* (Vulgar is the Latin word for "common.")
- 2. DYNO®-Mill Process:** Exclusive to Sun Chlorella, this patented process to pulverize the chlorella's tough outer cell wall, gives you TWICE the nutrient value of regular chlorella.
- 3. GMP Certified in Japan**—Independently certified for the highest quality production processes.

- 4. Industry Leader for more than 37 years** (25 in the U.S.). Sun Chlorella is the original that created most of the significant innovations in the industry.
- 5. Patented Product**—unlike generic chlorella, Sun Chlorella's production processes produce an exclusive product protected by patents.

- 6. Grown at the equator** to capture the full power of the sun's energy.
- 7. Grown in Pure Mountain Spring Water.**
- 8. No artificial ingredients or fillers.**
- 9. Unique Packaging**—safety-sealed packages lock in freshness.
- 10. Highest Quality:** For all the reasons above and more, there is no better chlorella on Earth than Sun Chlorella.

**That's why only Sun Chlorella offers the best value for your good health**

So if you want to experience all that chlorella can do for you, accept nothing but the best. And try SUN CHLORELLA for yourself today.

endowed with both the power to renew and the power to detoxify. The world is sadly saturated with chemical poisons that invade the air, food and water we depend on for survival. Sun Chlorella can make it easier to promote optimal health.

## It's Never Too Late to Make a FRESH START with Your Health

They say there are no "do-overs" in life. Maybe so. But you can regain a lot of your youthful zest and energy—even if you haven't always eaten right. The secret is cleaning out the decades of toxins that are holding you down.

People who try Sun Chlorella never want to go without it again. Their ferocious loyalty to their little green tablets springs from the miraculous changes it makes in their lives. Once you too have made the journey from exhaustion to vitality, from anxiety to serenity, from health concerns to optimal health, you will never, ever, want to go back.

## Experience the Amazing Health Secret of the Longest-Living People on Earth!

Don't you deserve an active life of health, vitality and independence for all your days?

Sun Chlorella has made the difference for me, the other doctors you've met in this bulletin and thousands of my patients. Not to mention millions of Sun Chlorella customers in Japan and around the world.

I am very confident that you will also receive the marvelous health and energy benefits that have changed my life.

Yours for Good Health,

*Michael E. Rosenbaum, M.D.*

Michael E. Rosenbaum, M.D.

P.S. My sincere wish is that you too will become one of the longest-living people on Earth... staying active and independent all through your senior years. Please read all the details here of the exciting studies

## "Eye Health Improved!"

"I have found Sun Chlorella to be a great help to me. My doctor (a specialist) tells me that my eyesight has improved this last year so I feel Sun Chlorella is what has helped me. I have taken it now for four months. It also boosts my energy level as I can walk at least two miles a day without getting tired. I am so happy that I gave it a chance to work for me. Also I can see well enough to get my drivers license and still drive my car."

—V. Wales, Canada

*Results will vary. All testimonials in this advertisement are from real people and only reflect their results.*

documenting Sun Chlorella's remarkable health benefits. You'll also hear the personal health turn-arounds that eight of my medical colleagues have achieved with their own health. All thanks to Sun Chlorella!

- **Drugs that Can Ruin Your Sex Life**—These prescription drugs can ruin your sex drive. Here's what to do...

## DOCTOR RECOMMENDED!

### "Perfect Foundation"

"Sun Chlorella is the perfect foundation for anyone's integrated and efficient nutritional support regimen. As a senior citizen of 70, Sun Chlorella enables me to exercise an average of 12 hours per week. Along with my daily exercise program and healthy diet, Sun Chlorella provides me with the ability to maintain a high level of physical and mental energy, body purification, and natural-defense enhancement."

—Frank Eckles, D.C., CFP

### "Sun Chlorella Is the Best in the Field"

"For revitalizing body tissues, there is nothing better, naturally, than chlorella-based nutrition. In my opinion, Sun Chlorella is the most advanced, the best in this field."

—David C. Freeman, M.D., former Director of the American Academy of Medical Preventives.

## "Love Your Sun Chlorella Order or You'll Get Every Penny Back—Even If You're Down to The Last Tablet—With Our 100% Money-Back Guarantee!"

When you see how one natural solution helps thousands of customers go through such remarkable health transformations—such as we have at Sun Chlorella USA—you know you've found something special.

That's why I can totally stand behind this superior, health-giving breakthrough. Be assured that **you risk absolutely nothing** when you try a special "Sun Chlorella Starter Pack."

**Your satisfaction is guaranteed in three rock-solid ways:**

**Guarantee #1:** Sun Chlorella is guaranteed to be the purest, most

absorbable and powerful form of chlorella available.

**Guarantee #2:** With Sun Chlorella, you can achieve your own amazing health breakthrough story with its...

✓ **Unmatched Detoxifying Power**—to fight the effects of past poor health habits and visible signs of aging.

✓ **Unmatched Nourishing Power**—to boost your natural defenses to trigger your own body's natural health and revitalizing powers.

You must love the results you get from Sun Chlorella. Otherwise you can return your initial purchase **any time and get a full, 100% refund**, even if you've opened

it and you're down to the last tablet! You'll get every penny back—even your postage and handling costs—if you're not satisfied for any reason.

**Guarantee #3:** If you decide to seek a refund, all of your Free Gifts—the Free Book, Free Reports, and the Free "Quick Response" Bonus—are yours to keep with my compliments.

Of course, the very best gift you can give yourself right now is Sun Chlorella, because you risk nothing and you have so much to gain. I urge you to order Sun Chlorella today!
